

Construction Activities:

This Project constructs an access road and pad to support a poultry operation consisting of fifteen poultry houses (varying from 500' to 704' by 63') and in the future four 40' by 200' covered litter sheds. Construction activities include; installation of four (4) Sediment Basins, six (6) sediment traps, diversion ditches, super silt fence/18" silt sock installation, topsoil removal, excavation, fill and grading operations and surface stabilization.
